

Korus™ Mobile App – Lab Results on the Run

The **Korus Mobile App** gives you convenient and secure access to patient and environmental lab results using your Apple® iOS® or Android™ mobile device.

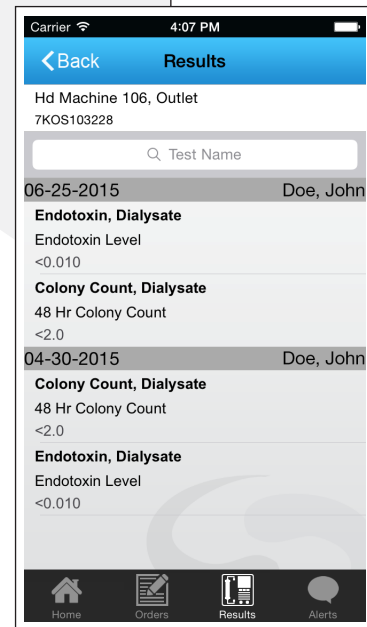

Features:

Patient Results

- Obtain alerts and exceptions generated for your patients within the last 72 hours
- View lab results from the last 90 days
 - > View Microbiology results from the last 45 days
- Search for your patients by their first or last name
- Review your patients' demographic information, next scheduled draw date and tests scheduled for the next draw date

Environmental Results

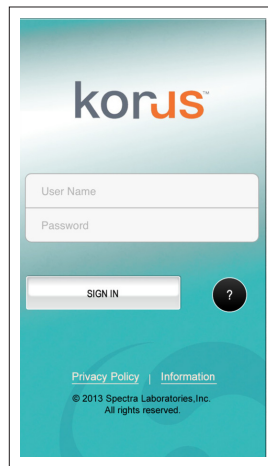

- Obtain alerts and action levels generated within the last 72 hours
- View environmental lab results from the last 90 days
- Search for equipment by machine name, serial number or draw date

Korus Mobile App – Environmental Ordering Made Easy

The **Korus Mobile App** allows you to create orders and print labels for environmental testing with your Apple iOS or Android mobile device.

Features:

Create Adhoc Orders

- Select the equipment for which orders need to be placed
 - > Search by machine name
- Add order details - Date, Time, Source, Status, Location Type and Staff Member (Collected By)
 - > Select tests to include with your order
- Obtain helpful tips for specimen handling prior to submitting your order
- Obtain a confirmation message once your order is submitted

Print Labels

- Easily access the orders that need printed barcode labels
 - > Search by equipment name, serial number or draw date
- Select a printer that is currently configured in Korus
- Obtain a confirmation message once labels are printed

The image shows two overlapping screenshots of the Korus Mobile App. The top screenshot is the 'Adhoc Order' screen, which displays a form for creating an order. The form includes fields for 'Date' (05/28/2015), 'Time' (02:12 PM), 'Source' (Dialysate), 'Status' (None), 'Location Type' (In-Center), and 'Collected By' (Example, Nurse). The bottom screenshot is the 'Review' screen, which shows a summary of the order: 'HD Machine 1-Outlet 676767', 'Source: Dialysate', 'Draw Date: 05/28/2015', and 'Draw Time: 02:12 PM'. It also lists 'AAMI Chemical Contaminants, Dialysate' as the test. At the bottom of the review screen are 'Back' and 'Submit' buttons.

The image shows a screenshot of the 'Print Label' screen in the Korus Mobile App. It features a table with columns for 'Name/Sr.No' and 'Draw Date'. The table lists several items with their respective serial numbers and draw dates, and each row has a checkbox to select it for printing. The items listed are:

Name/Sr.No	Draw Date	Selection
07/27/2015		X
Draw Date : 07/27/15		
Acid Mixer 1-Feed	103779K	<input checked="" type="checkbox"/>
Acid Mixer 1-Tank	103630K, 123ABC	<input checked="" type="checkbox"/> more ...
Acid Mixer 2-Feed	10268PK	<input checked="" type="checkbox"/>
Bicarb Jugs A	10268NK	<input type="checkbox"/>
Bicarb Mixer 1-Feed	10268RK	<input type="checkbox"/>
4567		
Bicarb Mixer 8-Feed	1016RGK	<input type="checkbox"/>
988979		
Bicarb Tank A-Feed	10473JK	<input type="checkbox"/>
